What do you have to do for an event?

Not that much! Pennine Events are here to do the work for you. We will ensure that together we choose the right event for you; the event that will appeal to your fundraisers and as such we would ask you to ensure that your fundraisers make an appearance at your event.

Marketing

Working with our marketing team here at Pennine Events we will look to ensure that between us we get the very best out of your fundraisers. Pennine Events will be only too happy to work with you to give the public the very best chance to join up on your event. We will also between us look to target a new range of fundraisers to add to your database and boost those all-important income figures.

Volunteers

Always a crucial part of any event we would like for you to play your part and bring your incredible volunteers to the event, not to take on event production roles, but to help you to make the most of your day.

Focus on YOUR fundraisers

We understand that the donor journey means so much to you and your charity so it is therefore important to us that you have the time to focus on your donors and not the event details. Working with Pennine Events gives you the very best opportunity to ensure that you create fundraisers for life, developing that all important journey from initial enquiry to event attendance and fundraising, to becoming a committed supporter, volunteer, and eventually direct debit and legacy donor. Fundraising is about relationships, let us give you the time to develop yours.

Agreement

The process of setting up the event is simple, together we can identify targets or simply let us know your expectations, and we will present to you an event along with a set budget that we will work to.

Ideas

The main thought process behind an event will often come from what is at your disposal, what you have done in the past, what your supporters prefer, or simply a crazy idea. Talk us through your set up and we will take it from there. Pennine Events Limited – Charity Packages Page 3
