

## **Health and Safety**

Using Pennine Events as your Health and Safety consultant provides complete piece of mind, value for money, practical and pragmatic solutions and a safe event.

Safety is central every type of event and at Pennine Events we are committed to delivering and ensuring events that are safe for all involved. This includes spectators, participants, contractors, suppliers, volunteers, employees and third parties with no direct involvement with the event. We trust you are to?

With this in mind, it is our policy to achieve the highest standards of Health and Safety in all aspects of our work and we can provide you with highly experienced and suitably qualified individuals or teams to deliver, but not restricted to:

- Legislation compliance
- Prevention of accidents and to provide robust control of health and safety risks
- Provide full safety reports and management of incidents
- Brief all contractors regarding health and safety working practices on site
- Engage with those working on this event and provide quality advice, training, briefing and supervision as appropriate and necessary
- Oversee the site build and de-rig ensuring compliance with method statements, site safety policies, risk assessment control measures and all other site regulations
- Maintain an audit trail and full record of the event safety documentation
- Assess all documentation provided by suppliers such as structural calculations, method statements and risk assessments
